The Magic Presence

THE MAJESTIC ANDES

SOUTH AMERICA, home of the Andes,
Whose towering crest seemed to reach the sky,
They seem'd in defiance to bar all progress;
Man was compelled to pass them by.
But at last they have yielded dominion
To the hand of God's messenger—man,
Who have scaled their heights, laid cables across
To join this forbidden span.

Bold Andes, with Thy hidden Secrets,
Relent; yield forth; at once reveal
The romance of ancient achievement
Long held under Thy Secret Seal.
Thy Secret Valleys, Wondrous Chambers,
Mysteries of Thy great expanse
Welcome man to behold Thy Wisdom,
Lest there enter another cataclysmic dance.

Wonderful home of the peaceful Inca,
Wards of those Great Masters of Light
Who watched—sustained their constant progress,
That they should live, always doing right.
Mighty Treasures the Incas had gathered
From the mountain veins of pure gold,
Which they brought forth to create perfection
To build their cities of beauty untold.

Now lives the Legend of the Inca Treasures,
Its progress, Its beauty, a forgotten past,
But the records, its treasures and safety guarded
Until in the fullness of time at last,
The bans are lifted, the truth revealed
Of this proud people, their reign so great,
The ancient mystery of the Inca Legend
Will then be revealed in its perfect state.

SHRINE AUDITORIUM • 1938
(EXCERPTS)

HARMONY IN THE FEELINGS

It's magnificent, Dear Ones, to me! You may not see this quite as we do but, Dear Hearts, the significance of all these things culminating at this time is a most gigantic thing—the coming forth of the Book *Ascended Master Light* and the dissolving and consuming of the war entity and the adding of the percentage to the Light! And these Songs arriving today—no Music in the world was ever put out like this as you'll observe when you see It. Never was such a thing possible.

Now then, you have all called for our pictures, but we want you to have that which represents our Higher Mental Body that gives you the assistance and answers your Calls. It is a very wonderful thing *(applause)*, so I want you to feel how grateful we are that this has come for your Blessing.

A lady sent me word yesterday that never in her experience has anything affected her like "Light of My Heart." She said it has brought complete release to her. *(applause)* And it will to hundreds of thousands of people.

The Ascended Masters, and Saint Germain included, have very often said to us that the pressure of mankind's own human creation is ten times that of the atmospheric pressure of Earth. So as you understand that, it means something terrific. But today mankind are being set free from this pressure in innumerable ways. And as you understand this, and naturally changing the feeling within you concerning this whole scheme of Life, then you will see how quickly will come the change and the added Strength in your feeling world; for your feeling world is the cause of everything that exists in your world, manifest or unmanifest.

Therefore, as you understand that *your thought is always secondary to your feeling*—your feeling can flash before your thought has a chance to act; and anyone knows that who contemplates it for a few moments. Therefore your feeling then becomes your powerhouse, and you must govern the feeling in order to gain the direction of the currents of energy from your powerhouse or through It.

As mankind understand this, and in their Calls to the "Presence" know the need of Harmony in the feeling world, then they will find that the full Glory and Perfection of Life will flow forth untouched, unqualified by mankind's own qualification, letting It go forth to do Its Perfect Work—because Life left alone without human qualification would, in time, produce perfect health in every human body that exists. It's only the discord registered there in the feeling world that prevents Life. You might not quite understand, but, Dear Friends of America, no discord can penetrate Life

or Light. It will not accept it. But it does *clothe the Light,* the energy that goes forth, with whatever discord is in the feeling, carrying it forth into the action of the world of the individual. And that's how the discord reaches out into the world of mankind; and if they are qualifying, or having that in their feeling, it has to be carried out, because they are the director of what is going to act in their world. But there is no need of that in the understanding of this "Presence."

Mankind, if they really want to, and I haven't found anyone who—when certain conditions exist, they can do actually what they want to. And when they get mad enough, they can do anything. Therefore, if they can exert that energy in anger, they can exert it in kindliness with a greater power, because whatever is in anger is human qualification and has no power except the energy released by mankind, while all constructive activity is the Power of Light and has the Infinite Power of the Universe to back it up. And that's why all calling forth of the Power of Life, Energy, and Light from their own "Mighty I AM Presence" has Infinite Power back of their Call and back of their humblest effort.

Therefore, you see readily how mankind is not subject any longer to the conditions that have existed, and truly through their own creation; but even thus, still can it all be changed and mankind become the master of his own world himself. And therefore do not submit any longer, Beloved Mankind, to these mistakes although you have made them. Face about, turn to your own "Mighty I AM Presence," and let It take Command of your world and reverse, transform everything that's there into Its Perfection and Action in your world.
